Why: *To explain the offer, issue the Offer Information Statement and the share application forms*

Invest in Yack's future

This is an investment opportunity

Buy a share in Yack!

On Thursday 1 May 2003, Yackandandah residents will be formally invited to buy shares in YCDCo. Ltd. This will all be done properly and according to the Corporations Act.

IT IS A REAL INVESTMENT OPPORTUNITY OFFERING A REAL FINANCIAL RETURN.

People will have 3 weeks to consider the offer and apply for shares. There is presently no cap on how many shares you can apply for and you can apply for as little as 1 share (\$100). But, it's worth keeping in mind that for the share issue to be successful, we need to raise over \$300,000 which probably means an average share package worth about \$1,200 to \$1,500 (12 to 15 shares).

If we raise the necessary money, we'll go ahead and build a new community-owned service station which will service the needs of the town for at least the next 30 years. If we don't raise the money, we'll have to get used to the idea of driving to Wodonga to buy fuel.

It's as simple as that! ***buy it ...or lose it!***

The YCDCo. Constitution is now available for viewing at our website.
